500 Attend Annual Jamoree Celebration

Didsbury's annual jamoree was held Wednesday, July 30, with approximately 500 in attendance. Sunny, warm weather held down the crowd as many farmers in the district were completing haying operations which had been held up by wet weather.

Westdale staged a late rally in the first ball game to draw Didsbury 5-4. In the second game Olds came out winner over Cremona and went on to defeat Westdale in the final and take top money.

A dispute over ages in the pee-wee contests left the result a bit of a mystery. Some Carstairs players were over the age limit and although they were the best team on the field they were disqualified and first and second money was divided between Olds and Didsbury.

The regular Chinook League game between Carstairs and Calgary Mureys drew the biggest crowd of the day and the Calgary club downed Carstairs 7-1.

Children's races held during the afternoon were very well attended but the few present were well rewarded.

Didsbury Canadian Legion sponsored a dance that evening at Melvin Hall which was well attended.

MOUNTAIN VIEW

Mr. and Mrs. Joe Hunter and boys and Mr. and Mrs. Jim Wilson visited Sunday at Pine Lake.

Mr. and Mrs. Emil Miller and family spent Sunday visiting in Calgary.

Congratulations are extended to Mr. and Mrs. Jerry Egg (nee Marie Rempel), whose marriage took place on Thursday, July 31, in the New Berghall Church.

Mr. and Mrs. James Worrall and Mr. and Mrs. Lawrence Hunter attended the wedding of Mr. and Mrs. Richard Newton (nee Marie Parnson) at Innisfail on Saturday, August 2.

Birthday dinner guests with Mr. and Mrs. Duane Fox and family were Mr. and Mrs. Charles Fobes, Art Coates and Jean Lang. It was Sharon Fobes' fourth birthday.

Mr. and Mrs. Alvin Stiles and Kenneth visited a few days in Banff recently.

Mr. and Mrs. Worrall and Mr. and Mrs. Lawrence Hunter and family were afternoon and supper guests with Mr. and Mrs. Harold Swanson and family and Mrs. Emily Hunter.

LEGION GOLF TOURNAMENT

The annual provincial Legion golf tournament will again be held this year at the Innisfail golf course. The event is scheduled for Sunday, August 17, and all golfers from the Didsbury branch of the Canadian Legion are requested to submit their entries to Will Skerry by Friday, August 8. Prizes will be awarded for low gross score and for low net scores according to handicap. Entry fee is \$1.50 and includes a banquet supper.

FALLEN TIMBER NEWS

Mr. and Mrs. C. B. Moore and Gary of Calgary, Mrs. Della Moore, Mr. and Mrs. Johnny Howton, Danny and Jeanette called on Mr. and Mrs. G. Home last Saturday evening.

Mr. Gratz and Mr. McNaughton were visitors in the district for the Liberal party.

Mr. and Mrs. Bob Moore, Mr. Clinton and Mrs. Thomas Davis, and Misses Jacqueline McGaffin and Doris Fulkert started for the Raven picnic but due to the bad roads they went to Sylvan Lake instead.

Haying is in full swing in the district and we do hope the weather stays warm until everyone is finished.

Mr. W. Eytan's sister and family of Long Beach, Calif., have been visiting here. During their visit the Eytans had a reunion at Fallen Timber.

H. Papke, town foreman, is gradually completing the repair of the old wooden sidewalks in town.

C.P.R. TRAIN TIMES AT DIDSBURY

NORTHBOUND:
No. 521—(flag stop) 1:10 a.m. daily
No. 523—Daily except Sunday, 1:32 a.m.

No. 525—Daily at 6:21 p.m.
No. 527—Daily "Esquimo" 10:00 a.m. (stops only on flag on Sundays)

SOUTHBOUND:
No. 522—Daily 4:46 a.m.
No. 524—Daily 12:46 p.m.

No. 526—Daily except Sunday, at 6:00 p.m.
No. 528—Daily 6:21 p.m. (stops on flag on Sundays only).

LOCAL GOLFER EQUALS DIDSBURY COURSE RECORD

Cameron Wordie Friday evening equalled the Didsbury golf course record when he carded a 32 over the nine hole route. Playing with his father, J. W. Wordie, Cameron put together seven par holes, a birdie three on the seventh and a birdie four on the ninth to become the second golfer in Didsbury to beat par. He now shares the course record with Bob Kabanak.

Sunny Weather Greets Tuesday Voters

Indications late Tuesday afternoon were that voting in Tuesday's provincial election was heavier than in 1948 when the last Alberta election was held. Warm, sunny weather brought voters out early and interest seemed high despite the apparent lack of campaigning by the two candidates in this constituency.

Advance poll voting, the first ever held here in a provincial election, was held on Thursday, Friday and Saturday of last week and 22 ballots were cast at this time.

There were 34,000 eligible to vote in the election, approximately 50,000 more than in 1948. With counting of ballots not yet started at press time we are unable to give any results but will carry the count by polls in next week's issue.

Charles Stuart Dies After Long Illness

A well-known farmer of the Carstairs district for many years, Charles Stuart, 215 13th Ave. N.E., died Sunday, August 3 at the Holy Cross hospital, Calgary, at the age of 67 years.

Born in Keswick, Cumberland, England, Mr. Stuart came to Canada in 1913, moving to Carstairs the following year where he farmed for 36 years. Mr. and Mrs. Stuart moved to Calgary in 1950 to reside.

Surviving are his wife, Mona; two sons, Ralph D. Red Deer; Harold C. Seattle; one daughter, Mrs. Greta Mui, Calgary; one sister, Mrs. Dan Watson, Toronto; one brother and sister in England, and five grandchildren.

He was a member of Masonic Lodge A.F. and A.M. at Carstairs and Past Grand Patron of the Order of the Eastern Star.

Funeral services will be conducted by Rev. Dr. J. Rex Brown and Rev. J. Gillanders in the Carstairs United Church on Thursday, August 7, at 2:30 p.m. with Gossler Bros. Funeral Home in charge of arrangements.

NATURAL GAS BY-LAW

Elsewhere in this issue a synopsis of by-law No. 683 appears, regarding the supplying of natural gas to the inhabitants of the Town of Didsbury by Canadian Western Natural Gas Company. Further details regarding this by-law will appear in ensuing issues of this paper.

MARGARET TRUMAN smiles delightedly as she takes the wheel of the United States during its record-breaking maiden voyage. Commodore Harry Manning, commander of the new speed queen, holds Miss Truman's binoculars. Recently the President's daughter attended the first garden party held by Queen Elizabeth, on the grounds of Buckingham Palace.

South West Didsbury

Mr. and Mrs. Herman Titsworth of Winfield, Kansas, arrived Friday to spend their holiday with Mr. and Mrs. J. L. Tuggle and Mr. John Titsworth and relatives.

Sunday dinner guests of Mr. and Mrs. E. Dippel and family were Mr. and Mrs. Herman Titsworth of Kansas, and Mr. John Titsworth.

Sunday dinner guests of Mr. and Mrs. E. A. Bartz were Mr. and Mrs. C. Hillebrecht and Charlene of Calgary. Miss Grace Wellerson of Ontario, Mr. and Mrs. Carl Meyer and family, Mrs. Geo. Meyer and George, and Mr. G. Eisler of Ontario.

Mr. and Mrs. L. Hunsperger and family, Miss Grace Hunsperger and Mrs. E. Cressman had a picnic dinner at the Little Red on Wednesday and on their way home called on Mr. and Mrs. Alfred Cook and family.

Miss Albert Schneidmiller is a patient in the Didsbury hospital.

Mr. and Mrs. L. Hunsperger and family were Friday evening visitors with Mr. and Mrs. Eldon Thede and son.

Sunday dinner guests of Mr. and Mrs. J. B. Hipkin and Pat were Mr. and Mrs. R. L. Shantz, Mr. and Mrs. E. Dippel and family and Mr. and Mrs. M. Dippel and family, the occasion being Mrs. Hipkin's birthday.

Sunday dinner guests of Mr. and Mrs. L. Hunsperger and family were Mr. and Mrs. Glen Jackson and family, Mrs. D. B. Wood, Miss E. Cressman and Miss Grace Hunsperger.

Miss Grace Hunsperger and Mrs. E. Cressman were Monday guests at the Hunsperger home.

Mr. and Mrs. August Lange of Claresholm and Mr. Hans Brandes of New York were overnight guests of Mr. and Mrs. H. W. Folkman and family. Thursday they all mo-

Shower Held For August Bride-Elect

Mrs. George Mullen and Mrs. Trevor Morgan were co-hostesses at the home of the former on Tuesday evening, July 29, when 30 ladies from Didsbury and the Rosebud district gathered for a tea and shower honoring Miss Margaret (Peg) Mousien of Innisfail, whose marriage to Mr. Charles Wrightson of Didsbury takes place Aug. 6.

A variety of interesting games and contests were conducted during the evening. Mrs. Stanley Cole won the jar of lifesavers in a guessing contest.

The guest of honor was then seated under a gay cluster of balloons, which showered her with confetti when broken and a decorated basket of gifts was presented by the hostesses. Peg was assisted in opening the gifts by Miss Mary Wrightson and Mrs. Morgan and the gifts were then displayed to the guests.

Peg graciously thanked her new friends and acquaintances and invited them all to visit her in her new home in Didsbury.

The hostesses, assisted by Mrs. J. Mullen, Mrs. Robert Payne, Miss Evelyn Wilkins and Miss Faith Stevens, then served lunch, bringing the pleasant evening to a close.

Out of town guests were Mrs. Morison, Mrs. Wrightson and Mary of Innisfail, Miss Yvonne Ainsworth of Red Deer and Miss Shirley Boychuk of Calgary.

Many folks were out to see the big car wreck on the Cremona by Elton road the first of the week. We were all much impressed with the thought of how anyone could have come out of that mess of broken glass and twisted wreckage alive. Apparently no one seems to know anything about the occupants.

Mr. and Mrs. J. L. Tuggle and Mr. and Mrs. Herman Titsworth were Monday dinner guests of Mr. and Mrs. Jay Tuggle and family.

To Take Second Vote On By-Law August 30

TO ORGANIZE FOR HOME FOR THE AGED

A meeting will be held in Haghighi Roberts' building to organize a home for the aged people. All those interested kindly make it a point to be on hand at 8:00 p.m. on Friday, August 8.

Polio Outbreak Near Epidemic Stage

Eight new cases of polio were admitted to Calgary Isolation Hospital over the weekend, bringing the total for Calgary and district to 38.

Dr. Leslie Allan, Calgary's assistant medical officer of health, said this week that the outbreak was "approaching" an epidemic and that control measures already taken would likely continue for some time.

Swimming and wading pools have been closed and a ban has been placed on children under 16 in the theatres.

Sad news for the youngsters was Dr. Allan's statement that the ban would also apply to the Clyde Beatty circus, due in Calgary this week.

So far no cases of the disease have been reported in Didsbury district.

WHEAT CUTTING STARTED

Gordon and Neil Noutled started cutting wheat on the farm of Mrs. Wood at Linden on Monday.

WESTCOTT NOTES

Congratulations to the proud parents of the new babies in the district. Mr. and Mrs. Clifford Murphy have a new daughter, and Mr. and Mrs. Chas. Topping also have a daughter, Brenda Kay.

Mr. and Mrs. Herbert Goertzen had as their guests on Sunday last the latter's parents, Mr. and Mrs. H. Papke, and sister Edna, two cousins from Ontario, Mr. Jack Boyle and Mr. Willard Blodie of Centre View, and Miss Lois Goertzen and Mr. Dave Wright of Edmonton.

Miss Judy Berscht of Didsbury has been holding court with her grand parents, Mr. and Mrs. Harry Leva-good, on the farm.

The fine weather of the past week has rapidly changed the crop picture and now a few fields are turning slightly, giving the farmers hope of getting their grain garnered before the snow comes.

We are sorry to hear that Mrs. Fred Goertzen was put back in the hospital on Monday. The wee son is growing and they expect to be able to bring him home soon.

Mrs. Peter Stakenas and children of Calgary were guests of the Bill Tolans family at the weekend before returning to the city.

Many folks were out to see the big car wreck on the Cremona by Elton road the first of the week. We were all much impressed with the thought of how anyone could have come out of that mess of broken glass and twisted wreckage alive. Apparently no one seems to know anything about the occupants.

Mr. and Mrs. J. L. Tuggle and Mr. and Mrs. Herman Titsworth were Monday dinner guests of Mr. and Mrs. Jay Tuggle and family.

Little League Players Need Your Support

One morning last week Betty Tomlinson, well-known radio commentator on CBS, spoke of the Little League, its origin and recent popularity. It is a baseball league comprised of boys under 12 years, dressed in uniforms like the Big Leaguers, and playing scheduled games.

This movement, which started in the United States is rapidly gaining favor in Canada.

At the impressive are the children receive guidance and experiences which serve them through later years and develop an invaluable sense of good sportsmanship.

Right at home in Didsbury this idea has begun though at present the age limit has been extended to 14 years. The Lions Club has furnished a full set of smart-looking uniforms in white and purple and the enthusiasm of the young lads matches their outfits. They have played and lost two games so far with the club team which wears grey uniforms supplied by the Elks.

These youngsters are dandy little players too, and are very enthusiastic in this enterprise, but they need your support. Don't let these boys experience a sense of failure—turn out to their games and cheer them along. Remember, the youths of the day are the rulers of tomorrow!

—Contributed

It has been definitely decided to again hold a vote on the \$88,000 hospital by-law which was defeated by a narrow margin on Monday, July 21. Date set for the second vote is Saturday, August 30.

Feeling of the hospital board and many ratepayers is that the small number voting in July did not give a true picture of the feeling of the majority and it is hoped a much larger turnout in August will settle the issue in favor of the by-law.

Your vote on August 30 can make possible the much-needed addition to the Didsbury Municipal Hospital. More information on the proposed plan will be forthcoming from the hospital board and through the columns of this newspaper in the next few weeks.

G. A. Youngs has again been named returning officer and a list of polling stations will appear next week.

Westcott Institute Holds Regular Meeting

The monthly meeting of the Westcott W. I., which was held at the home of Mrs. Sheldon Owens, was well attended with 22 members and three visitors present.

The meeting opened with O Canada, followed by the Creed, and roll call was answered by a holiday highlight.

Thank-you cards were received from those who received gifts and cards while ill. A picture postcard was received from the corresponding W. I. in England, showing where members spent their annual holiday at Perth From Barnhill.

Two songs were sung, "Wish Me Luck" and "I Love You Truly."

Mrs. H. Goertzen gave an interesting report on the Farm Women's Week which she attended in Olds.

The Five-Minute talk by Mrs. W. Owens gave an account of her work with the Garden Club through the Independent Biscuit Company plant in Calgary.

Miss Wilma Owens, bride-elect, was presented with shower gifts and also a chenille bedspread and electric clock from the W.I.

The meeting closed with God Save the Queen and a lovely lunch was served by the hostess.

Please note that the next meeting will be held at the home of Mrs. Jess Ray on September 4th.

MELVIN NOTES

Mrs. E. Krebs and Miss Mollie Kershaw visited at Ponoka on Friday.

Mr. and Mrs. Frank Moyle and family of Yellowknife visited at the Youngs' homes on Wednesday.

Mrs. M. McKee, Mrs. J. Kershaw and Mrs. A. Schneidmiller are patients in the Didsbury hospital.

Jack Robertson and his Boy Scouts of the Westcott Troop enjoyed a weekend outing. On Saturday evening the troop by truck to the Red Deer bridge on the Cremona Carstairs road, camped in the open (without tents) overnight and returned by bus on Sunday. The uncertain weather of Sunday morning finally settled down to a nice sunny afternoon and the boys had a very happy journey home in spite of the snowing they received when their raft sank, and the average number of blistered backs and legs.

Crops Look Good As Harvest Approaches

Grain crops in the Didsbury area are as good as anywhere in the province at this time. The crops are all headed out and starting to turn. There is excellent growth and heads are large, indicating a big yield of grain if nothing happens between now and harvest.

Haying is nearly completed with a good crop reported and there should be plenty of feed in the district this winter.

Fine weather has prevailed for the past ten days and some hail was reported last Friday night near the Fred Metz farm and in the Linden district.

ENGLISH WEATHER, TOO — When the three visiting London Transport double-deckers have arrived in Montreal recently to transport the thousands of eastern Canadian cities. Montrealers good-naturedly chivied the Cockney drivers about having brought English weather as well as English buses. However, despite the rain, many people turned out to greet the visitors.

RAT CREWS CLEAN UP HILDA AREA

MEDICINE HAT—One of the worst rat-infested areas in the province was cleaned out over the weekend with the killing of more than 80 rats. The rodents, Bill Baranwyk, field man with the Alberta department of agriculture, said Monday.

The infestation area, centred on the farm of C. J. Turner, 14 miles west of Hilda. The town of Hilda is about 65 miles northeast of Medicine Hat, near the Saskatchewan border.

A total of eight farms in the area were purged by crews working along the border. Rats were found on four of the farms, with the majority of the rodents being on the Turner farm.

Neighbors swinging clubs helped destroy the rodents, after the anti-rat crews smoked them out. Nests were found holding litters of up to 10 and 14 rats.

Reports of stray rats that have

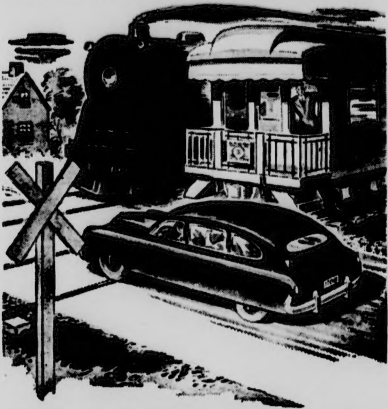

STEEL STRIKE END MAY CAUSE LAKEHEAD CONGESTION

The steel strike in the United States released a large number of lake cargo vessels for the movement of grain from Fort William-Fort Arthur down the Great Lakes. This has enabled stocks at lakehead terminals to be substantially reduced. With the end of the strike much of this shipping will be diverted to ore carrying and congestion at the lakehead is likely to result, particularly if Western Canada's grain crop turns out to be as large as is now anticipated.

been coming from a wide area around Hilda are believed to have originated from the infestation of the Turner property.

Provincial crews are proofing the border area against rats and have completed the stretch from Alaska to Empress. They will continue the work north and south of that stretch this fall and next spring.

BY-LAW 663 SYNOPSIS

Synopsis of By-Law No. 663 and Agreement between the Town of Didsbury and the Canadian Western Natural Gas Company with regard to Franchise for the supply of gas.

WHEREAS the Town of Didsbury and the Canadian Western Natural Gas Company propose to enter into an Agreement for the supply of Gas to the Town:

THEREFORE be it agreed that: 1. The Company will provide the Town of Didsbury with a supply of natural gas, and the Town grants to the Canadian Western Natural Gas Co. a special franchise to supply natural gas to the inhabitants of the Town of Didsbury for a term of twenty years from date of installation.

2. The pipe lines shall be located in the lanes rather than in the streets of the Town when reasonably practicable. The Company agrees that it will do as little damage as possible in the execution of the work, and will restore the lanes and streets as nearly as possible to their former state and maintain same for a period of two years.

3. The property line shall be the place of delivery of all natural gas supplied to the customers in the Town. The Company shall install a meter suitably located on the consumer's premises, said meter to be owned and supplied without charge by the Company. The expense and risk of utilizing and using such natural gas after delivery at the said property line shall be borne by the customer.

4. If the By-Law passes by the necessary two-thirds majority, the Town and Company shall make application to the Legislature of the Province of Alberta for an Act of the said Legislature validating the said franchise agreement.

5. The Company shall charge for natural gas within the Town such prices as may be agreed upon by the Town and Company. Failing such agreement, the prices shall be such as may be fixed from time to time by the Board of Public Utility Commissioners of Alberta.

6. At the expiration of twenty years the contract may be renewed for a period not exceeding ten years, and so on from time to time with such alterations, if any, as may be agreed upon by the parties and approved by the Board of Public Utility Commissioners of Alberta.

7. It is agreed that the plant, equipment and pipe lines of the Company in the Town shall be subject to assessment and taxation upon the same basis as other property in the Town. Provided that for a period of five years from the date of installation the total taxes payable in any year shall not exceed an amount equal to one per cent of the gross receipts of the Company derived from the sale of natural gas within the Town. Thereafter the total taxes payable by the Company to the Town in any year shall not exceed an amount equal to 5% of the gross receipts of the Company derived from the sale of natural gas within the Town.

I hereby certify that the above is a true synopsis of a proposed By-law which has been introduced and which will be finally passed by Council within four weeks from the assent of proprietary election.

The day set by Council for the taking of the vote is September 8, 1952, between the hours of 10:00 o'clock a.m. and 7:00 o'clock p.m. Given under my hand this 5th day of August, 1952.

F. L. EVANS, Returning Officer

SECURITY FOUND IN WANTED SKILLS.

I talked with a farmer who still works his own farm, though he is well beyond the age at which some men retire.

He finds the work rather heavy, but he keeps at it, and when someone offered to buy his land for cash sufficient to pay for an annuity that would enable him to enjoy a well earned rest during his remaining years, he replied that he could not see much fun in rest as a full time occupation. He preferred to rest when he was tired and go to work again when he felt like it. But this is not his only reason for continuing to work.

When I asked him what better security he could want than an annuity guaranteed by a dependable company or by the government, he asked me where I had been in the last 10 years. Didn't I know that the Canadian dollar had lost half its value during that time, and was there any assurance that the other half would not be lost in the next 10 years?

"Dollars," he said, "are no security when they no longer represent real value."

"The best security a man can have in a disturbed world is the skill to render some service for which mankind will pay, and the only way to retain that skill is to continue using it day by day."

"For that reason I work and I hope to be able to work as long as I am here."

NOTICE TO CREDITORS AND CLAIMANTS

In the Estate of ALEXANDER JAMES MOORE, late of Bergen, in the Province of Alberta, Farmer, Deceased.

NOTICE is hereby given that all persons having claims upon the Estate of the above named ALEXANDER JAMES MOORE, who died on the 18th day of January, 1952, are required to file with the undersigned solicitor for the Executrix by the 12th day of September, 1952, a full statement, duly verified, of their claims and of any securities held by them, and that after that date the Executrix will, without regard to the claims of which notice has been so filed, or which have been brought to her knowledge, pay the debts of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed, or which have been brought to her knowledge.

DATED this 28th day of July, A.D. 1952.

W. A. AUSTIN, Didsbury, Alberta, 31-3c
Solicitor for the Executrix.

Divide Your Dollars With Your Neighbor

Everybody has a certain amount of civic pride—that sort of pride which helps make a village a town, and a town a metropolitan city.

The growth of any community is dependent upon the support given its citizens. If you fail in your co-operation, your town either stands still or goes back.

If you uphold your town by sustaining it wholeheartedly you help yourself and the community. Buy at home! Be neighborly with your dollar. Divide your dollars among your merchants and others who have the interests of Didsbury at heart. Help them and they will help you to greater values — for increased volume means decreased costs.

DIDSBURY needs your support and you need the support of the town. Let's get together and share our dollars for a mutual prosperity.

LETTER TO THE EDITOR

To Whom It May Concern:

Well, the day of our long-awaited "Jamboree" is upon us, and what do we find—a day of baseball. Why call it a "Jamboree?"

About town, what do we find? Stores closed all morning of a half-day holiday. Don't you think our Deputy Mayor would have the stores remain open in the morning. After all, what time does this big event start?—that's right, one hour before noon. What are the business men going to miss in one hour? A pee-wee ball game, perhaps.

Our country people, Didsbury's most ardent patrons, would be more likely to participate in the afternoon events if they could come into town in the morning and get shopping and business done. But no, our Deputy Mayor acclaims a holiday to give the merchants and business men of Didsbury the honor of watching a ball game.

Olds, for instance, has a two-day fair, of which attending is both worthwhile and pleasurable. The stores and places of business remain open all day of both days. At a fair, particularly in Alberta, we like to show what our rich province has in comparison to others. Since our Fall Fair was discontinued, why not combine our "Didsbury-Carstairs Dairy Calf Club Achievement Day," to which no consideration whatsoever was given by our supposed Arena Directors, with our "Jamboree." After all, what could be more appropriate to our thriving community than a show of what we rate best in? This would cause an attraction for outsiders as well as Didsburyites.

A flower and vegetable show as well could very well be arranged, as well as ball games.

If our "half-crazy" fathers are so interested in their baseball, why not set a day apart and have a baseball tournament, or just have the word "Jamboree" interpreted to mean the latter.

INTERESTED

RECORD WHEAT CROP

Western Canada now expects to harvest in 1952 the largest grain crop in its history. Instead of merely hoping for that development as has been the case for some weeks past, reports the grain correspondent of The Financial Post.

Most observers expect total wheat production to run to more than 600 million bushels. It could be more. Only two major dangers remain, damage from a new type of rust disease and early frost. Even these, however, could hardly do more than severe local damage.

Canadian farmers' cash income during 1951 reached a record peak of \$2,819,000,000, a 26.8 gain over 1950.

FARM TRACTOR ACCIDENTS

Alberta is in the grip of one of the worst epidemics of polio in her history, and the public is alarmed. And yet the toll from polio is not as great as that from farm tractor accidents.

Too many of these accidents have a common pattern. A tractor overturns into the ditch and the driver is pinned beneath it. Rarely is there an accident in the field. And yet tractors are in the field perhaps ten times as long as they are on the road.

The explanation is simple. The modern tractor has a high gear speed of about 15 miles an hour, but is not made for safe driving at that speed. A bump on the road, an accidental slight twist of the steering wheel, will send it plummeting into the ditch. And the driver is usually trapped. He can't

jump, and he has no shielding protection.

These high speeds on rubber-tired tractors are convenient and big time-savers, but their hazard makes one wonder if they are worth while. Manufacturers should start offering some compensating safety features.—Calgary Altabian

How "Skinny" Girls Get Lovely Curves

Gain 5 to 10 lbs. Now Pap

Thousands who never could gain weight before, now have slimmer, attractive bodies. No more hard work, no dieting. They think Capra is good food on Indian skin. Now, instead of being thin, they are plump and healthy. They are getting the Pap diet which has gained fame and won the admiration of thousands of women. Try it today. You'll be a new woman. Write now. Send no money. At all times.

Johnny Palmer, a sun-tanned campaigner from Badin, North Carolina, captured the Canadian Open Golf Championship and the Seagram Gold Cup at Winnipeg when he put together a fantastic four-round total of 263.25 shots under par and a new record score for the Open.

Palmer's brilliant rounds of 66-65-66-66 over the par 72 St. Charles course put him 11 strokes ahead of Fred Haas Jr. of New Orleans and Dick Mayer of St. Petersburg, Florida, who wound up tied for second. The fabulous shooting of the new Canadian champion made it the most wide-open walkaway in the

history of the Open. Tied for fourth spot a stroke behind Haas and Mayer were Al Zimmerman, Skee Riegel and Doug Ford, who hail from Portland, Ore., Tulsa, Okla., and Harrison, N.Y., respectively. Another 2 strokes back were Dutch Harrison, who took the Seagram Gold Cup to Little Rock, Arkansas, 3 years ago; and Roberto Di Vincenzo, the Argentine champion.

Stan Leonard of Vancouver was high Canadian—12th in the Standings—closely followed by Henry Martel of Edmonton, Jim Ferrier of Australia, winner for the last two years, wound up well down the list.

GUARDIANS OF PEACE

The Infantry Mortar Crew...

In attack and defence, the Mortar Crew adds to the effectiveness of Infantry. Accurate, concentrated firepower is vital to successful operation in the field. It calls for cool, highly trained men to operate the many complex weapons of the Infantry.

Canada's tough, independent Infantrymen are the finest fighting soldiers in the world. At home and overseas, these young men stand in the front lines of Canada's freedom.

There are outstanding career opportunities for young men in the Canadian Army Active Force. They are career opportunities with challenges of adventure, the excitement of travel in the most important job in Canada today—defence.

You are eligible for service in the Canadian Army Active Force if you are 17 to 40 years of age, tradesmen to 45, physically fit and ready to serve anywhere.

For full information visit the Army recruiting office nearest your home.

"A modern kitchen on a farm? We have one!"

My wife noticed in that Royal Bank book on Farm Improvement Loans that it included electric ranges, refrigerators and washing machines. So when I took a loan to electrify the farm we did the job right and fixed up the kitchen, too. Now look what we've got—all the conveniences of city life—plus all the joys of country living.

Ask for a copy of this booklet. It tells all about farm improvement loans.

FARM IMPROVEMENT LOANS
can also be used for

- New implements, machinery and equipment.
- New foundation or breeding livestock.
- Construction, repair or alteration of any building on the farm.
- Fences, drainage and other developments.

JAMES CURRIE, Editor and Publisher

AN OPEN LETTER TO THE WINNING CANDIDATE

First of all we ask the winning candidate in this constituency to keep an ear to the ground for the opinion of the voters on a uniform provincial pasteurization law, municipal debt, hospitalization, grazing leases, water rights, school building, roads, expropriation of lands for roads, drainage of sloughs, requirements of isolated areas and the dozen other topics which are more interesting to the individual voter than broad policy but whose opinions on these subjects will do a lot to guide you in policy.

Secondly we suggest that if you find yourself on the opposition side of the legislature you tend to your business of criticism and suggestion. Don't relax just because you don't get legislation you want approved; it's your business to make the voice of the minority heard. Moreover there will be a cold and critical eye in this office watching your votes as registered in the proceedings of the legislature. The proceedings make interesting reading and we have in mind a plan by which people in this district will find out just how their representative votes on every issue. It isn't fully crystallized but we found very interesting the advertisements by which the Montana Farmers Union lets the voters know how their congressmen vote on issues which concern Montana, and we think it would be a worthwhile sort of thing here.

We urge you to make every effort to see that the basic materials of an education are emphasized and we suggest that you back the proposal that parents, employers, and teachers make up the board which sets the general plan of education, then turn the plan over to the experts and give them the job of producing the results.

We urge you to back the investment of surpluses in this province in education for you will find no better return for the money than the returns you get from a well-trained and well-educated young people.

We urge that you energetically promote an investigation to discover some new arrangement of taxation or some definite division of taxation between municipality and province so that municipalities get other types of income besides property tax.

A province-wide plan for hospital districts is needed instead of the hit or miss boundaries of today, and with it a soundly organized hospitalization plan.

There are a number of other matters which need attention and regardless of your party affiliations should be promoted at once because they definitely affect most people in this constituency, regardless of their party affiliations. No timorous and tentative arrangements will solve the problems; no answers of "it can't be done" should be given. If you care to stand up and say that these things ought not to be done and are able to defend that view, you will earn respect if not agreement.

The next couple of sessions will show how you express your own and the views of the constituency and how many of these problems you have tackled satisfactorily.—The Nanton News.

"Ten or fifteen years ago the way to get elected was to promise to reduce the cost of government. Now it seems the best way is to promise the electors more of their own money. Every party gets elected by more or less buying the public and we might as well admit it."

Agricultural SERVICE BOARD NOTES

W.K. Snyder,
Field Supervisor

Common Evening Primrose: In recent weeks people have on various occasions brought specimens of this weed to my office wondering what it is. Evening Primrose is a tall, coarse biennial which occurs throughout the country, and is easily recognized by its tall, branching habit (3 feet to 4 feet). It has soft, downy, lance-shaped leaves, and its large, showy yellow flowers open in the evening. The seed is produced in large numbers in long, tapering, 4-celled capsules, two rows of seed in each cell, which are clustered all along the stems. Common evening primrose makes up a rosette of leaves the first year and completes the life cycle the second year.

This is a weed that is not yet very troublesome but it would be well to destroy the plants at this time of the year by pulling or cutting them down. They are easily distinguished at this time of year and hard to pull. An ounce of prevention in dealing with weeds when their population is small is much better and cheaper than trying to eliminate them after they become firmly established and prevalent.

I think those people who are sufficiently interested in these new weeds to bring a specimen to me for identification are to be commended. It indicates that you want to keep farms weed-free if at all possible. Keep up the good work.

STUDENTS ENROL FOR RED CROSS LEADERSHIP TRAINING

High school students from all over Alberta, from Saskatchewan, British Columbia and the United States have enrolled to attend the high school leadership training centre from Aug. 21 - 30 at Lake Edith, Jasper. The centre, third annual conducted by the Alberta Junior Red Cross, will again instruct these representative students in the philosophy, purpose, program and organization of the Junior Red Cross. The registration includes nearly 80 students from Alberta, two from Saskatchewan, two from British Columbia and two from the United States. One American Junior Red Cross leader, Mr. Louis Carleton of the Pacific Area Junior Red Cross, San Francisco, will be in attendance. Two Alberta Juniors, Patricia Murphy of Edmonton and Frank Sigurdson of Red Deer, as well as the provincial director, Miss Diana Dignan, have recently returned from the American Leadership Training Centre at Flathead Lake, Mont. The interchange of students and other personnel is encouraged to broaden the scope of ideas and promote friendship and better understanding between the two countries.

The delegates will meet in Calgary or Edmonton August 20 and leave for Jasper by bus the morning of August 21.

Director of the camp will be Mr. C. Merkle, secretary of the Alberta School Division, who is sent by the Department of Education which encourages the centre. Members of his staff will include Miss Kathleen Herman, assistant national director; Miss Hazel Lawrence, Saskatchewan director; Miss Hanna Christofferson, from the guidance branch of the Department of Education; Miss Lucy Milne, teacher-director of Alexander High School, Medicine Hat; Miss Diana Dignan, Alberta director; Mr. Schussler of the League of Red Cross Societies, Switzerland; Mr. Laurie Robertson, swimming and water safety instructor; Mr. R. Melnyuk, of Edmonton, recreation director; Mrs. Edith Haden of Calgary and Miss Lois Grant of Edmonton, field organizers; and Mrs. R. C. Bishop of Edmonton, camp nurse.

SHRINKAGE ALLOWANCE IN GRAIN REDUCED

A reduction in the shrinkage allowance rate on grain handling was recommended by the Interprovincial Farm Union recently in a submission presented at a public hearing in Winnipeg, of the Board of Grain Commissioners. Action of the board in increasing the rate last year was "unwarranted" the board contended. Responsibility for weight accuracy and the responsibility for any shortages, the council said, should be that of the elevator companies concerned.

The council proposed suspension for the coming crop year of the new \$1 inspection fee charged for samples of grain forwarded for government grading by individual farmers. Farmers were being required to pay in excess of what should be required for such services, the brief said.

The board as well was requested to consider a reduction of grain storage charges for the coming year. The storage problem and the delivery quota system was imputed severe enough strain of farmers as it was, the brief argued.

TELEVISION MAY ARRIVE SOON IN SOUTHERN ALBERTA

GREAT FALLS, Mont. — Latest word from Ottawa is that southern Alberta must wait about three years for television—but it probably won't be anywhere near that long.

It might be just three months. However, it will be a strictly non-Canadian, non-CBC controlled product that will likely first find its way into the living rooms of southern Alberta homes.

While Canadian Broadcasting Corporation officials at Ottawa move slowly with a government program that skips every city between Winnipeg and Vancouver for at least three years, private enterprise in Montana is already geared to construct TV stations within easy range of sections of southern Alberta.

Great Falls, with a population of about 10,000 compared with Calgary's 110,000, has already filed application for TV rights with the United States Federal Communications Commission.

Some Great Falls citizens are openly talking of home-produced TV by the time of the North Montana State Fair in the first week of August.

More conservative people talk of TV by Christmas.

"A fair guess would be that consideration of the application will be given in September," declared an official of a Great Falls radio station.

If the application is approved, rapid installation of TV facilities could be expected. Preliminary organization for the eventuality has already gone so far that sponsors are available for programs.

Butte and Helena are also understood to be well up on the FCC "consideration list."

"We don't know all the details and dates but I think it is well beyond the wishful thinking stage," said a Great Falls radio man. "When we get the OK we will be ready to move fast. It isn't too wild a guess that southern Alberta could be getting our programs within a year."

That would still be about two years ahead of present CBC plans for the prairies.

THE VALUABLE CANADIAN DOLLAR

While Canadians seem to be proud of the fact that their dollar reached a premium of over 4 per cent over the United States dollar, there are certain drawbacks to the high value of the monetary unit of this country.

The price of wheat under the International Wheat Agreement had a ceiling of \$1.50 based on the value of the Canadian dollar as at March 1949. As the Canadian dollar rises in value, the price of Canadian wheat goes down. On July 3rd the price of Canadian wheat as announced by the Wheat Board was \$1.76 1/2.

Exporters of other farm products, forest products, minerals, etc., are receiving lower prices in terms of the Canadian dollar for the products sold beyond the boundaries of this country.

O.S.A. Notes

Olds School of Agriculture
and Home Economics

Winners in the provincial 4H
judging competition held at the
Olds School of Agriculture were
announced at a banquet in the
O.S.A. Wednesday night by R. M.
Putnam, assistant deputy minister
of agriculture, as follows:

Food team: Jean Coultis and Jessie
Warner of Nanaimo, coached by
Priscilla Mewha, district home
economist of Calgary.

Clothing team: Doris Scheidiger
and Vivian Peterson of Chilton,
coached by Miss Lillian Poff of
Camrose.

Gardening team: Elaine Primus
and Barbara Foster of Alx, coached
by Miss Margaret Farney, district
home economist of Stettler.

Grain team: Bernie Kolodychuk
and Alan Warner of Tofield, coached
by Nick Chomic.

Dairy team: Melba Koetke and
Ernest Koetke of Holden, coached
by Nick Chomic.

Each stood first in the respective
competitions and are eligible to
compete at National 4H Club week
in Toronto, held in conjunction with
the Toronto Royal Winter Fair.

George Black of Alberta's youth
training program and junior activi-
ties branch was toastmaster and
chairman. Miss Margaret Fraser,
supervisor of girls' clubs, and Les
Usher, assistant supervisor of Al-
berta Youth Training, were among
the guests.

A LETTER IN CALGARY HERALD

"I am sure that everyone of us
who read of the accident at Olds,
when Frank Chaffin, a 12-year-old
lad, lost both his arms above the
elbows, read it with a sense of shock
and sympathy for this boy and for
his family.

"I think it would be a splendid
gesture on the part of the citizens of
Calgary and perhaps Southern Al-
berta if we started a fund for this
lad with which to purchase arti-
ficial arms (when the time comes)
and to give him an education for
the handicapped which he will cer-
tainly require. It will take a great
deal of adjustment for this young-
ster to start a new life, and if Mayor
MacKay will consider such a fund
for him, I know the public-spirited
citizens of Calgary and district will
gladly send their donations for such
a worthy cause. I do not know
Frank nor his family but I can un-
derstand the sorrow it has brought
to them. Here is a chance for our
Rotary, Kiwanis and Lions Clubs to
band together and show our neigh-
bors to the north at Olds what we
can do."

"NATIVE CALGARIAN"

VITAMIN ENRICHED BREAD

Vitamin enriched bread will like-
ly be introduced to the Canadian
market in the beginning of 1953.
Recently a new set of standards for
flour and bread were drafted by the
department of national health and
welfare and approved by trade and
government officials, which would
permit enrichment of flour, but
would not make it compulsory.

The Northwestern Miller states
that when the enriched bread is
introduced, the bakers will launch a
public relation program designed to
encourage the consumption of
bread in this country, which has
been falling fairly rapidly in the
past few years. In the period 1931-
39 the per capita consumption of
bread in Canada averaged 205.7
pounds annually, but by 1951 it had
dropped to 172.6 pounds.

In Newfoundland where flour
enrichment has been compulsory since
1944 government officials appear
convinced of its value. Recently one
official pointed out the benefits re-
sulting from its use and attributed
the improvement in the general
health of the population largely to
this process.

Recent figures indicate Canada's
commercial fishing fleet numbers
more than 40,000 vessels.

THE SERVICE OF LIFE
AND HUMANITY

You love life! You want to live
and so do millions of other Cana-
dians. That is why the Canadian
Red Cross Blood Transfusion Ser-
vice was formed and has reached
the heights it maintains. This ser-
vice wants you to live, it goes much
farther than that, it helps you to
live and gives you the opportunity
to help, too. You are the mainstay
of this work of humanity, by be-
coming a donor or an active booster,
you are helping not only yourself
but others.

No one knows when a catastrophe
may overtake us, you or I may be
next! No one knows when a bottle
of this Miracle Fluid might be the
means of saving your life or mine.
It is no idle boast to refer to a
blood donation as "Miracle Fluid",
it is exactly that. Do you realize
that the most brilliant scientist in
the most up to date laboratory can
not make as much as one tiny
teaspoonful of it? More than that,
they cannot make a true substitute
for it. You and I and our good
neighbors are the only source of
supply. All we are asked to give is
one small amount, less than a pint
of the 13 pints we normal humans
have... and of course some of our
valuable time. Often we feel we
could spare the blood far easier
than we can the time. Please bear
with us... we waste no time...
nor one precious drop of YOUR
"Miracle Fluid."

When you are asked to give a
donation of blood for your blood
bank you can rest assured that your
system will make up the loss of
fluid content in a few hours and in
two or three weeks your blood will
be back to normal.

FARM DEBT INCREASE

On January 1st, 1952, farm mort-
gage debt in the United States
reached a total of \$6,299,576,000.
This was 8 per cent larger than a
year earlier and one of the largest
percentage increases since 1920.

The peak farm mortgage debt in
the United States was registered in
1923 and totalled \$10,785,621,000.

Quebec has 150,000 farms from
which the average income is \$1600
per farm.

FOR BETTER PRINTING AT REASONABLE
PRICES CONSULT "THE PIONEER"

Yes, Sir... I'm for the Alberta Wheat Pool

1. Because Alberta Pool Elevators give effective service and protection to all.
2. Because Alberta Pool Elevators are operating at cost and excess earnings are returned to member patrons. Over the years such patrons have received over \$5 million in cash and nearly \$6 million in reserves. Ownership rests with the reserves.
3. Because Alberta Wheat Pool and Pool Elevators are owned by many thousands of Alberta farmers who have invested close to \$8.5 million in this great enterprise. Pool members can safeguard this investment by delivering all their grain to Pool Elevators. A large volume of deliveries means low cost of operation.
4. Because the Wheat Pools are mainly responsible in keeping down the cost of handling grain. Such costs are remarkably low, probably the lowest in the world. This is a tribute to the effectiveness of farmer co-operation.
5. Because the business operations of the Alberta Wheat Pool are an "open book." Pool members may obtain the fullest information concerning the operations of their organization through their elected delegates and directors.
6. Because the co-operative principle of "each for all and all for each" is the co-operative ideal which aims at spreading economic justice throughout the nation and throughout the world.
7. Because it is of vital importance to Alberta grain producers that a strong co-operative elevator system should flourish in this province. It is essential that such an elevator system should be under the control of Alberta grain producers—the men who are actually following the occupation of farming.
8. Because Alberta Wheat Pool is the only organization in Alberta which meets these requirements.

ALBERTA WHEAT POOL

"It's Alberta Pool Elevators for Alberta Farmers"

Be Proud Of Your Business

Modern advertising is a necessity to hold and build business. Be proud of your business, of the goods you have to sell, of the services you have to offer in your particular line. Show the progressive spirit and the desire to serve by advertising. Do not hide your light under a bushel—proclaim far and wide who you are and what you have to sell and where your place of business is, for public memory is short, and advertising is a powerful aid to all types of businesses. Moreover, people as a general rule shop where they are invited.

WEDDINGS

MANIFOLD—JACKSON

The Chapel of the Metropolitan Church in Edmonton was the scene of a quiet wedding on July 15 when Winnifred Christina, second daughter of Mr. Edwin Jackson of Didsbury, was united in marriage to Mr. Albert Hedley Manifold, only son of Mr. C. Manifold of Nanaimo, B.C. The Rev. Reid Vipond officiated at the ceremony.

The only two attendants were Miss Winnifred Playfair of Bassano and Mr. Charles Kirkvold of Edmonton. After a month's honeymoon on the west coast and points in Alberta Mr. and Mrs. Manifold will make their home in Yellowknife, N.W.T.

THOSE WONDERFUL PENSIONS

No wonder the M.P.'s were so fast in voting pensions for themselves, says the Financial Post.

Now qualified for full pension are a group of 12 including Earl Rowe, Gordon Graydon, Joe Harris and Hughes Cleaver. When the next session of Parliament meets, there will be 87 qualified for some pension.

What's more, some M.P.'s who thought of retiring at the next election are reconsidering. One more round and some will qualify for the full pension of \$3,000 for the rest of their lives. Members first elected in 1940 could put up \$4,543 next November and qualify immediately for a life pension of \$2,754 a year.

THE PASSING OF THE SCYTHE

There are times when we deplore the passing of the scythe. It was a lovely tool! Like all those traditional tools perfected by craftsmen through long generations, the scythe depends for its effect on skill and poise, rather than strength.

One can understand why the scythe does not take kindly to the Machine Age. It is too individualistic.

Scythe blades can be turned out by factories, but it takes a village craftsman to produce a scythe handle. Sneads or snatches they call these handles.

It is doubtful whether anyone could, by word alone, define the exact shape of a snathe. They are selected from growing saplings with at least one or two main curves already formed by nature, and finished by coaxing the wood in steam ovens.

The small handles, the iron grips that fasten them and the blade to the snathe, the grass-nail and wedges which keep the tool braced and firm, were all produced by the local blacksmith.

When the sinuous and graceful scythe is eventually put together, one must ascertain that the hand grips are set at the correct angle, check up on the wedges and grass nail, and then whet the edge of the blade with a blue-stone till a "bead" is achieved.

The lithe, silent motions look easy, deceptively easy, and only after a quarter of an hour can you appreciate the stamina of the mighty mow which could mow a swathe of a hundred yards without looking up.—Contributed

DO AS WELL AT HOME

Canadians traveling in United States this summer won't see the glittering bargains they used to, says James Johnston in The Financial Post. There's nothing in the big stores of New York that's going to make their eyes pop out either by their prices or by the varieties offered.

Prices for most manufactured goods are about the same as at home. Food is cheaper here.

What is in the average U.S. store window still looks bright. But so do the items our own retailers are pushing. And in the past few years we've been catching up at a great rate. Now the differences are fewer—not at all like the thirties, nor the forties, nor in fact, even like one year ago.

PRAIRIES EXPECTED TO NEED 2,000-3,000 HARVESTERS

The likelihood of bumper crops in the Prairie provinces this year indicated the probable need for two to three thousand harvesters from other parts of Canada, predicted Hon. Milton F. Gregg, Minister of Labor, recently.

Arrangements for the movement of harvest workers to the West had been made. As in other years, the railroads were cooperating in providing special low rates. The movement was expected to begin around the middle of August reaching its peak at the end of August or beginning of September, stated Mr. Gregg.

Present indications are that Saskatchewan will produce a crop as large or larger than last year. Alberta's crop prospects were also

considered excellent. Manitoba had drought conditions in some areas in the early part of the season, but recent rains have largely offset the dry condition, the Minister explained.

No great difficulty was expected in recruiting harvest workers for the West from the areas in Ontario and Quebec which had provided workers in previous years. It was also considered likely that a substantial voluntary movement of workers from British Columbia would take place, Mr. Gregg pointed out.

The Canadian Woolen and Knit Goods Manufacturers Association is the largest single section of the vast Canadian primary textile industry, this country's leading employer of manufacturing labour.

Canadian defence expenditure currently represents 45 per cent of the Federal budget.

CHRISTIAN SCIENCE

The availability and value of spiritual forces in a material world will be emphasized in Christian Science churches on Sunday. The Lesson-Sermon is on "Spirit" and includes this declaration from the letter of St. Paul to the Galatians: "For the flesh lusteth against the Spirit, and the Spirit against the flesh; and these are contrary the one to the other, so that ye cannot do the things that ye would." (5:17). And this counsel from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It is not wise to take a halting and half-way position or to expect to work equally with Spirit and matter, Truth and error." (p. 167).

ANGLICAN MISSION OF OLDS (Diocese of Calgary)

IT WILL PAY YOU TO BUY CHEVROLET WITH All These Extra Features!

Illustrated — Chevrolet Bel Air

A GENERAL MOTORS VALUE

The Leader Leads Again!

YOU'RE MONEY AHEAD FROM THE START . . . YOU'RE VALUE AHEAD THROUGH THE MILES . . . YOU'RE AHEAD ALL THE WAY THROUGH WITH CHEVROLET

ROYAL-TONE STYLING — You'll admire the big, bright, beautiful bodies by Fisher — the thrilling new front, side and rear end design — their longer, lower, more luxurious look.

GORGEOUS NEW EXTERIOR — Fresh sparkle — wide choice of solid and two-tone color combinations — most wonderful array of colors in their price field.

GM "SHADE LITE" GLASS — Protects glare, heat and fatigue. Chevrolet offers "Shade Lite" glass with exclusive, shaded windshield tinting for your extra protection (Optional at extra cost).

CENTREPOINT POWER — With automatic brake, new freedom from vibration, low cost motoring, for the engine is now easily cradled between the motor and cushioned in soft rubber.

POWER-JET CARBURETION — With automatic choke (Power-Jet models). Improved starting and smooth acceleration are achieved by better fuel flow and a fast acting accelerator pump.

SOFTER, SMOOTHER RIDE — Chevrolet's famous Kneecap action ride is now better than ever. You enjoy a much smoother, softer, more comfortable ride in either front or rear seats, due to new and improved shock absorber action.

EXTRA SMOOTH, EXTRA DEPENDABLE POWER — Combined with 105 h.p. Valve-in-Head Engine with Automatic Choke — gives better no-sputter driving at lowest cost (Optional at extra cost).

39-YEAR PROVED VALVE-IN-HEAD DESIGN — Constantly improved and refined over the years, it brings you outstanding performance, reliability and economy; and as a result, it is setting the trend for the industry.

CENTREPOINT STEERING — Control is centered between the front wheels instead of behind the left front wheel. This advanced steering geometry makes Chevrolet remarkably easy to steer, maneuver and park.

EXTRA SAFE JUMP DRUM BRAKES — With Dual Life, exclusive linings which last up to twice as long. They're the extra large brakes in the low price field, and owners will tell you they're more useful, safer and easier operating as well.

Pictured here, you'll find only a partial listing of the many, many extra features offered to you by Chevrolet, the lowest-priced fine car. Buying a Chevrolet puts you money ahead from the start—for Chevrolet still offers you the lowest-priced line in its field. But that's just the beginning! As the weeks and months go by, you'll gradually discover more and more about your Chevrolet's saving ways. You'll notice how its Fisher Body stays bright and beautiful, stays sound and solid — because it's designed to take hard usage. And, as the miles mount up, you'll appreciate the economy and trouble-free performance of Chevrolet's Valve-in-Head engine . . . the smooth restfulness of Kneecap-Action ride.

Lasting values like these—and many others—explain why you're ahead all the way with Chevrolet, the Leader. Visit your Chevrolet dealer — right away.

ZELLA NEWS NOTES

Mr. and Mrs. Wallace Brower and family have been vacationing at the home of Mr. and Mrs. Barry Brower at Wainwright and also visited relatives at Lloydminster.

Mrs. Nina Toppin has been a guest at the home of her daughter, Mrs. Bill Hall at Rogers, B.C., the past two weeks.

Leslie Waldruff celebrated his sixth birthday on Friday with ten children and seven ladies present at his party.

Mrs. Temple returned to Calgary on Saturday after spending the past week at the home of her son-in-law and daughter, Mr. and Mrs. Ronnie Luft.

Mr. and Mrs. Young of Granger were visitors at the Jim Johnston home on Monday and Judy motored home with them to continue her holidays.

The Zella men's softball team won over Westcott in a closely contested game at the school Friday evening, the score being 11-10.

Mr. G. A. Waldruff of Markerville is visiting at the homes of his sons, Edward and Arthur.

A number of youngsters from Zella and adjoining districts have been attending Bible School at the Moravian Church the past week, concluding with a picnic Saturday afternoon.

Lula Spooner left Saturday by train to holiday for two weeks with her grandparents, Mr. and Mrs. Deduck of Edmonton.

Noreen Nelson of Didsbury holidayed for a couple of weeks with the Jahnke girls, Lorna and Helen. Mr. and Mrs. Roy Walton and daughter Linda of Edmonton left on Monday after spending a week at the home of Mr. and Mrs. E. Lowrie.

NOTES FROM D.A.

HUGH McPHAIL

We expect to have the farms entered in the "Better Farming Contest" judged August 11. There are 24 farms entered to date. I am suggesting that a tour of the six scoring highest be made on Wednesday, August 13. It is hoped that more of the contestants make this tour. The Olds Agricultural Society supports this contest and all directors would find the tour interesting. Everyone should bring something to contribute to the picnic supper. More details will be made public soon.

The first shipment of Terralac, the new formula sows' milk which has been hailed as making possible a new way of life for pigs and more and cheaper meat for consumers, has been received in Canada.

John A. Hassinger, of Pfizer Canada Ltd., says Canadian farmers and commercial hog growers, who have been in the forefront of many technical advances in hog raising, have expressed interest in Terralac. Canada with a population of almost five and a half million hogs ranks high as a world pork producer.

Terralac was developed by scientists who realized they could get a much faster rate of growth in hogs if they could introduce the antibiotic terramycin into their diet at a very early age.

By using the synthetic sows' milk it was found possible to reduce mortality rates from the 18 to 35 per cent level common in the U.S. to about five per cent. The terramycin in the milk helps afford protection against disease; removing the young pigs from the sows saves many which would be crushed or stepped on by the clumsy mother; her removal also simplifies problems of sanitation and disease control.

Freeing the young pigs from the sow as a source of food, makes possible selective breeding to boost litter sizes; it also permits re-breeding at from three days to three weeks after farrowing, making possible two and a half to three litters a year instead of the present one or two.

BERGEN NOTES

The biggest news to hit Bergen for some time is the oil well which is to be drilled by the Trident Drilling Co. on Moose Mountain, 10 to 12 miles west and south of Bergen. We understand that the Bailey Co. is backing the project.

Three caterpillars have been making roads this week from the Eric Lyle ranch in Niche Valley, where formerly only winter log roads existed. The bridge spanning the Fallen Timber river is to be reinforced to hold up to 40 tons from its present 15-ton capacity to accommodate heavy equipment.

A visitor to Bergen said the local road traffic seemed more like the Calgary highway than a backwoods hamlet. The name of the new oil well has not yet been learned by this correspondent.

This is not the first well drilled in these foothills. A well was drilled by the Monarch Oil Co. at Coal Camp, across the Big Red to the north, in 1913. At that time natural gas was used in the cook-house, etc., from the well. Many seeps, including shareholders, were perplexed when the well was abandoned. Another well was drilled in Hunter Valley in the thirties. This well is said to be equipped with no information on findings disclosed. Several seismograph crews have done extensive exploration work in this district in the past several years.

The Bergen Ladies' Aid met at the home of Mrs. Egil Erickson on July 30 with a good number of members and several visitors present. The president, Mrs. Wesley Haug, was welcomed back, having been absent for several meetings while on a trip to Scotland.

Mrs. S. Clarke acted as secretary in absence of Mrs. Royal Cook. Plans for the annual sale of work were postponed till next month. The hostess served an enjoyable lunch.

The people of the district extend their deepest sympathy to Mrs. Dick Lund and sons in the loss of their husband and father. Dick homesteaded in the district many years ago and will be greatly missed by his family, friends and neighbors.

Rev. and Mrs. Olaf Haug and son Rickey visited relatives in the district last week. Mr. and Mrs. Norman Halverson and girls are visiting Mrs. C. Halverson. Norman is on leave from the R.C.A.F. He is stationed near Winnipeg.

Bill Gamble and son of McGee, Sask., motored up from their home to visit relatives at Bergen and Didsbury. Mr. E. Johnson accompanied them on the trip from McGee.

Members of the Pentecostal Church motored to Lobley Friday night where they gave a service. They report running into a real clover in the weather most farmers are harvesting a bumper hay crop.

Swalm and a number of young people are at Gull Lake Bible Camp. Rev. Swalm returned for the Sunday service.

WEST NOTES

Mr. and Mrs. L. Krebs were Calgary visitors on Tuesday of last week.

Rev. C. C. Armstrong held a short funeral service on Sunday at 10:45 a.m. at the Westcott cemetery for the ashes of Mrs. A. H. Dobson who died in Calgary and was cremated there. Mrs. Dobson's husband and son Roger were buried a number of years ago in this cemetery, when the family resided at Elkton.

Mrs. Glen Thompson of Red Deer spent last week with Mr. and Mrs. O. Thompson.

Among those seen at the double header ball game at Carstairs on Sunday were Mrs. K. Korschuh, Mr. and Mrs. G. Befus, Mr. and Mrs. P. Luft, Mr. and Mrs. A. L. Hogg, Mrs. C. S. Hogg, Mr. and Mrs. Glen Thompson, Mr. and Mrs. O. Thompson and Mr. and Mrs. Alfred Cowitz.

The past week has been ideal weather for haying and a few more days of such weather will see the finish of it.

Mrs. L. Papke and children are Red Deer visitors this week. Mr. and Mrs. C. S. Hogg and family and Mr. N. G. Hogg of Calgary were weekend visitors.

Quite a number of the local children attended the religious school last week at the Moravian Church and spent a pleasant and profitable time.

CROP REPORT

Excellent crops remain in prospect at almost every point in Alberta, according to the Alberta Pool crop report of July 26th. The numerical condition of the wheat crop is placed at 96, a gain of one point over last week, while the condition of oats and barley remains at 96.

In all districts there is ample moisture for present crop needs and in most regions there appears to be sufficient moisture to insure satisfactory filling even without further rainfall.

LITTLE ITEMS OF LOCAL INTEREST

Mr. and Mrs. John Folkmann are spending a short holiday at Banff.

Mr. and Mrs. W. Poxon of Drumheller visited Monday and Tuesday with Mr. and Mrs. E. J. Bluteau.

Mrs. Ed Grange visited in Edmonton last week with her son.

Mr. and Mrs. H. Beveridge, Diana and Stephen, visited Sunday with Mrs. Beveridge's father, A. G. Studer, while en route from Victoria, B.C., to their home at Holden. Mr. and Mrs. Cecil Studer, Sharon and Barry of Edmonton also visited briefly Sunday with Mr. Studer.

Eddie Rowell of Olds has been visiting in Calgary for the past three weeks with his grandparents, Mr. and Mrs. E. Landeen.

Mr. and Mrs. Russell Fulkert, Geraldine and Maxine returned last week from a three weeks visit to Iowa and Illinois.

Miss Shirley Boychuk of Calgary returned home on Friday after spending a week with the George Mullen family.

Mr. and Mrs. Gene Gasser and family of Dawson Creek, B.C., are spending their holidays with Mrs. Gasser's parents, Mr. and Mrs. C. E. Tuggle, and other relatives.

Mr. Reed of Calgary is relieving at the Royal Bank while Mr. Allan, manager, is on holiday.

Mrs. A. R. Kendrick has returned from Regina following a two weeks visit with her son there.

Mr. and Mrs. A. L. McInnes are expected home today following an extended visit with relatives in the East.

Mrs. Clara Law of Hartmann is visiting at the home of her son and daughter-in-law, Mr. and Mrs. Geo. Law, enroute home from a three months vacation at the west coast.

The Alberta Pacific elevator at Minaret will be closed from Monday, August 11 to Monday, August 25.

Miscellaneous Shower Honors Shirley Janzen

A group of young ladies, particularly high school friends, gathered on Saturday evening last at the home of Mrs. H. Papke in Didsbury, with her granddaughter, Miss Elaine Goetjen as hostess, to honor Miss Shirley Janzen, a bride-elect of this month with a miscellaneous shower.

Entertainment consisted of games and contests and then the bride-elect was seated before a table to open up her gifts, which had been drawn into the room by brother Lynn Janzen, on a decorated wagon on which had been placed a miniature of the "Bright Spot", wherein the gifts had been placed. Miss Elaine Goetjen assisted her in the opening of the gifts and Shirley very fittingly thanked all and very graciously invited everyone to come and visit her in her new home.

Lunch was then served by the hostess and her helpers, her sisters Deloyce and Marjorie, and her mother, Mrs. Herb Goetjen.

DIDSBURY HOSPITAL BIRTHS FOR MONTH OF JULY

LATE CLASSIFIED
LOST—End Gate for 1950 half-ton Mercury, between Olds and Calgary. Reward. Bill Miller, Box 373, Olds.

Mr. George Wilkins returned last week from a trip to Eastern Canada and while there took in a big league ball game in Chicago. He was accompanied on his return by Mr. and Mrs. Bill Engell who will visit for a few days.

Miss Esther Ann Devine, daughter of Mr. and Mrs. Sam Devine, has been chosen to attend the high school leadership training centre at Lake Edith, Jasper, from Aug. 21 to 30.

Mrs. Edward Morash and daughter Leanna and Mrs. Ted Frost spent part of last week with their parents, Mr. and Mrs. Adam Konschuh.

Mr. and Mrs. Lawrence Dickau and daughter and Mrs. Sam Dickau and son of Ponoka left Sunday on a two-week motor trip through the States.

Miss Valetta Mailer underwent an operation for appendicitis last Tuesday at the local hospital and is reported to be progressing favorably.

Mr. and Mrs. Lloyd Wigmore and family of Calgary, and Mr. and Mrs. Frank Emery and Mrs. Mary Skerry of Acme were weekend visitors at the home of Mr. and Mrs. Will Skerry.

Mrs. Charlotte Thompson, accompanied by her daughter, Miss Clara Thompson, of New Westminster, have returned from a trip to Regina and points east.

Mrs. Eva Sutton and Miss Betty Rupp of Calgary spent Sunday with Mr. and Mrs. J. W. Rupp, Winona, Minn., who accompanied them and spent the day with their parents.

Mrs. E. B. Grange Jr. returned home last week from Edmonton after undergoing surgery.

Mr. and Mrs. W. MacCrimmon of Drumheller visited last week; w.t.h. Mr. and Mrs. W. Spence.

Mr. and Mrs. Ed Wiggins and girls returned Monday from Vernon, B.C., where they visited with the latter's sister and family.

Miss Shirley Sharples returned at the weekend following a three weeks vacation spent at her home in Claresholm and a visit to the United States.

Mr. Tom Morris, first vice-president of the Alberta Dairy Association, attended a director's meeting of that organization in Red Deer last week. The body met with directors of the National Dairy Council and were addressed by Mr. K. St. John, executive secretary of the council, who gave a report of a recent survey of the dairy industry in Canada and the United States.

Thomas Scott arrived Friday to spend the weekend at his home before returning to teaching in Calgary. After having spent the past month travelling via Salt Lake City, Denver and St. Louis to visit relatives and see the sights in Toronto, Buffalo and New York City. He reports having had a wonderful trip and returned via the Great Lakes on the S.S. South America, spending five days aboard the sightseeing ship.
